We hold one conference per year and numerous trainings throughout the state. We will reserve your exhibitor table at our training events upon your request on a first come, first serve basis. If you have any questions please contact us, we value your support and would like to help you maximize your return on investment.

KYACHW Sponsor/ Vendor Relationship statement.

KYACHW considers our sponsor/ vendor relationship as an integral part of our mission to unify, promote and sustain the profession of Community Health Worker. In addition to providing professional development, we feel that it is also important to keep our members up to date on products and services available to CHWs and the populations they serve. That's where valuable organizations/companies such as yours play a vital role.

As a non-profit organization, KYACHW is dedicated to promoting and expanding the profession of CHW; as we are certain they are the missing link to bridging the gap between health and health care for our fellow human beings. That is why it is so important for us to keep our expenses to a minimum. By doing so, we are able to return funds back to our members in the form of high quality professional development at a cost that is bottom dollar. By offering trainings that are financially accessible, we ensure that more CHWs are able to attend without putting undue burden on already stretched organizational and personal budgets. In return, this frees up funds that organizations can use to further reach members of our communities.

Sponsor
