

Our Mission is to unify, promote, and sustain the profession of Community Health Workers in the Commonwealth of Kentucky. Our Vision is that Community health Workers are recognized as professionals and work together to improve community health.

Our Purpose is to provide a unified association of Community Health Workers in Kentucky to spread knowledge and advocate for recognition of CHWs and our Communities. Building community and systems capacity for better health through the integration of CHW strategies and to recognize CHWs as professionals who work together for community health.

April 11, 2022

Good Morning Fellow KYACHW Members,

Please note that the next KYACHW meeting will be held in person on June 23, 2022 at Jack Williams Parks, Recreation and Historic Sites Department in The Juniper Shelter House on 800 Louisville Road, Frankfort, KY 40601. The meeting will start at 10:00am. The link to register for this meeting is: <https://www.surveymonkey.com/r/88HDR55>. We will be providing lunch so please get registered so we will know about how many will be attending. Following lunch there will be an opportunity for CEU's with a short training.

Please find "save the date" flier attached and share as often as you can. Also attached are some upcoming trainings/meetings available for CHW's. Should you like to share other meetings or events coming up CHW related and would like to have them on our webpage, please forward that information to me and I will make sure our Outreach and Social Media Marketing Committees receives and gets them posted.

Something to think about for our upcoming conference: The most memorable moment for you in your CHW role. We would like to have more sharing of these stories during the conference. The Conference Planning Committee are working on having a breakout session just for these stories. Great things are happening for CHW's in Kentucky. I am anxiously waiting to see you all in person!

Angela McGuire, KYACHW President
Certified Community Health Worker (CCHW)
